

Eat with it.

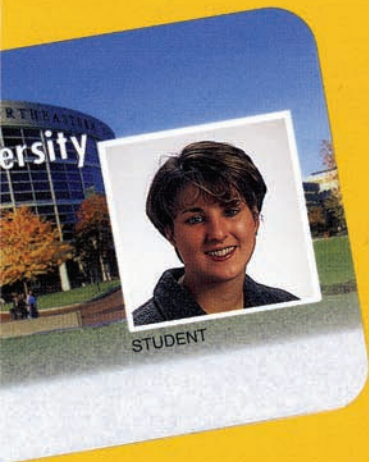

The Husky Card.

Call with it.

Live with it.

Your campus convenience card.

Now one card is all you need for all your needs around campus. Because the Husky Card is several cards in one. It's an ID card. A long-distance telephone calling card. And a buying card that works a lot like your bank ATM card by deducting the amount of your purchases from your available account balance. (At Northeastern, we call this a Husky Account.)

With a Husky Account, you decide how much you'd like to spend. Then you're prepared to be spontaneous—accept that last-minute lunch invitation even if you're low on cash. Or show restraint—set aside only enough to splurge once a week or to pay for books for the quarter.

Eat with it. Call with it. Live with it. The more ways you use your Husky Card, the easier your life becomes.

One Card, Many Advantages . . .
